ABOUT ME

I'm computer analyst / backend software developer, with 3 years of professional experience, currently perfecting myself in the **Python** ecosystem and good development practices.

Give me a problem to deal with, I'll take care of solving it.

EXPERIENCE

BACKEND SOFTWARE DEVELOPER

Company: Ascentio Technologies S.A 08/2021 - Present

Project: Sabia-Mar

- Development of implementation and automated tests on different communication modules and satellite flight planning.

BACKEND SOFTWARE DEVELOPER

Company: IncluIT 03/2019 - 08/2021

Project: Junar Data Platform

- Performing development activities in Python + Django.
- Integration of Auth0 as a security layer to an API Management.
- Development related to Elastic Search, Redis, Celery, Multithreads.

EDUCATION

BACHELOR'S DEGREE IN COMPUTER ANALYST

Faculty of Mathematics, Astronomy, Physics and Computing

National University of Cordoba - Argentina

03/2014 - 10/2018

Career with strong emphasis on programming, analysis and design of systems, databases and computer networks, without neglecting the theoretical aspects that sustain them.
